125 South Macquesten Parkway Mount Vernon, New York 10550

Since the 1920s, innovators have come to Beacon Adhesives for answers to impossible problems. Crafters, designers, and engineers alike count on us—the creative adhesive company, for customized solutions in every field. From fashion accessories to aerospace technology and crafting to construction, we believe in making products so the modern maker can move forward. Keeping production local in Mount Vernon, New York, we continue inventing new adhesives, stirring up sealants, coatings, potting compounds and more. Look in any craft closet, workshop, lab or DIY space, you'll likely find a supply of Beacon Adhesives hard at work on ideas that stick.

	DECADES OF TAILORED ADHESIVE SOLUTIONS <p>We specialize in providing top-notch contract filling, private labeling, white labeling services tailored to meet your specific needs. With decades of experience in the adhesives industry, we ensure precision, quality, and reliability in every project we undertake.</p> <p><i>30+ years of private label and contract-filling expertise</i></p>		

MANUFACTURING CAPABILITIES

- Adhesives
- Silicones
- Potting Compounds
- Epoxy Resin
- Sealants
- Lubricants
- Greases
- Pastes
- Hot Melts
- UV Curables
- Coatings

Product Formulas

- Custom formulation
- Toll manufacturing

Consumer Packaging Capabilities

- Aluminum Tubes
- Pump Spray Bottles
- Aerosol Cans
- Plastic Bottles
- Blister Card Packaging
- Pillow Packs
- Dual-Chamber Syringe

OUR CONTRACT FILLING CABABILITIES

- **Vast Range Batch Filling Capabilities:** Whether you need small or large batch filling, we have the capacity to handle orders of all sizes.
- **Various Packaging Options:** We offer a variety of packaging options to suit your product needs:
 - Bottle Filling
 - Tube Filling
 - Pump Sprays
 - Aerosol Sprays
 - Blister Packaging
 - Cartridges
 - Bagging
 - Assembly Work
 - Kitting
 - POP Displays
 - Pillow Packs
 - Premixed & Frozen
 - Syringes
 - UV Specialty Packaging
 - Dual Component

Since our founding in 1926, we have been at the forefront of adhesive technology, providing solutions to challenging problems faced by industries today.

Our team works closely with customers, industry partners, and academic institutions to drive research and development efforts. This collaborative approach allows us to leverage a wide range of expertise and resources so we can best develop custom adhesive formulations that meet the evolving needs of our customers.

RESEARCH & DEVELOPMENT CAPABILITIES

- Custom Formulations:** We specialize in creating custom adhesive formulations tailored to specific applications. Our team works closely with clients to understand their unique requirements and develop solutions that deliver optimal performance.
- Advanced Testing:** Our lab is equipped with advanced testing equipment that allows us to rigorously evaluate the performance of our adhesives under various conditions.

Our testing capabilities include:

- Tensile Shear Strength
- Peel Strength
- Viscosity
- Shore D hardness
- Small prototype batching
- ASTM D14 Adhesive Standard
- ASTM C24 Sealant Standard

Continuous Improvement:

Our research and development department works to stay ahead of industry trends and provide our customers with the latest advancements in adhesive technology.

CONSULTING

We offer expert consulting services to help you navigate the complexities of adhesive technology. Our team of seasoned professionals provides tailored solutions to meet your unique needs, ensuring optimal performance and efficiency.

Services:

- Troubleshoot adhesive-related issues
- On-Site Visits
- Lab Research and Development
- Custom Formulation
- Contract Filling
- Enhance manufacturing processes
- Automation

Our consulting services are here to support your success every step of the way.
